

## INVESTOR RELATIONS MANAGER

**Nexans**, a global leader in electrification, is listed on Euronext Paris and a member of the CAC Next 20 index, with a market capitalization of approximately €5 billion. The Group operates industrial facilities in nearly 42 countries, employs over 28,000 people, and achieved sales of around €8 billion in 2023.

The Investor Relations Manager will be a key member of the Investor Relations team, which sits within the Finance organization. This team is responsible for crafting and delivering the Group's financial communication strategy and serving as the primary interface between the company and the investment community, including financial analysts, institutional investors, and individual shareholders.

Reporting to the Vice President of Investor Relations, you will work closely with critical Group functions such as finance, legal, strategy, communication, and sustainability. In addition, you will engage with top management and external stakeholders across the financial markets, contributing to high-impact projects that offer a comprehensive understanding of the Group's strategic direction and operations.

This full time position is based in our headquarter in Courbevoie, France.

### AREAS OF RESPONSABILITIES

- **Financial Publications:** Contribute to the preparation and coordination of financial publications, including press releases, Universal Registration Documents, and investor presentations, ensuring clarity, accuracy, and alignment with corporate messaging.
- **Financial Communication Events:** Organize and actively participate in results presentations, roadshows, conferences, site visits, and Annual General Meetings alongside top management, ensuring seamless event execution.
- **Investor and Analyst Relations:** Provide accurate and timely responses to investors, analysts, and ESG specialists inquiries and prepare tailored talking points, and briefing materials for top management.
- **Market and Regulatory Intelligence:** Monitor and analyze financial markets, track consensus estimates, and lead the synthesis of broker notes to inform top management. Contribute to competitive intelligence and benchmarking of best practices within the industry.
- **Digital Tools Management:** Ensure the accuracy and timely updates of the Investor Relations website and Customer Relationship Management (CRM) system, optimizing communication, targeting, and engagement strategies for stakeholders.
- **ESG Rating Evaluations:** Collaborate with the Sustainability team to manage the company's evaluation process with leading extra-financial rating agencies (e.g., MSCI, Sustainalytics, and S&P ESG), aligning initiatives with the company's sustainability goals.

### YOUR PROFILE

- You have a 5-year degree from a business school or in Finance and more than 7 years of professional experience, and an experience in a similar position within a listed company or Finance, during which you demonstrated teamwork skills, and rigor.
- You are fluent in English and French (oral and written), and are proficient in the Office package (Word, Excel and PowerPoint) to prepare clear documentation/presentation.
- You possess strong knowledge of financial analysis and have a genuine interest in financial markets.
- Your ability to persuade, strong interpersonal skills, analytical mindset and responsiveness make you an ideal candidate to thrive in a demanding, and dynamic environment.
